# MASSAGES

## Aromatherapy Massages

Aromatherapy massage combines the benefits of aromatherapy with the benefits of therapeutic massage, providing relaxation and pleasure in each massage, as well as excellent healing properties for you. Pure aromas for a natural treatment and an important complement to help restore our balance and harmony. Essential oils have many properties that cause stimuli in humans and become an invaluable element of well-being.

OUR MASSAGES WE MAKE A WARM TOUCH OF AROMA WHICH WE HAVE 3 DELICIOUS AND POWERFUL AROMAS:

**\*Lavander:** Thanks to its anti-inflammatory properties, another of its main uses is as a pain reliever. Its application is external and for the elaboration of the products the essential oil of lavender is used, which is extracted after the distillation of the flowers.

**\*Rosemary:** Is a plant very rich in active ingredients and has numerous medicinal properties, among others, it is antiseptic, antispasmodic, flavoring, depurative, stomach stimulants, carminative, cholagogue - it facilitates the expulsion of bile -, diuretic or hypotensive.

**\*Naranja:** Orange essential can be attributed to its properties as anti-inflammatory, antidepressant, antispasmodic, antiseptic, aphrodisiac, carminative, diuretic, tonic, sedative.

25 min \$45.50 USD 50 min \$88.20 USD

## Back Massage

This massage has properties: relaxing, decontracting, especially helping to remove tension from the entire back, but also in the neck and shoulder areas. It also helps one to rest and promotes blood circulation.

## Full Body Relax

Anti stress, relieves emotional stress and relaxes muscles, as it increases blood circulation, eliminating waste products accumulated in the bloodstream. At the level of the circulatory system, it reduces the heart rate and lowers blood pressure.

50 min \$88.20 USD

## Full Body Sport

Sports massage therapy for recovery, injury rehabilitation and better athletic performance. The general point of massage is to help the muscles relax and relieve tension in the body with a combination of manual movements, stretching and different deep tissue techniques.

50 min \$88.75 USD

## Full Body Deep Tissue (Swedish)

The deep tissue massage technique is designed to penetrate below the superficial layers of the muscle, making it ideal for treating chronic muscle problems and muscle tightness or tightness.

50 min \$88.75 USD 80 min \$107.25 USD

## Hot Stone Massage

This therapy combines traditional therapeutic massage with the application on the skin of stones at different temperatures, to facilitate the flow of vital energy and thus relieve physical and emotional disorders.

80 min \$107.25 USD

## Reflexology

It is a therapeutic technique based on the stimulation of points on the feet, called reflex zones. These reflex zones correspond to different parts of the body, so that indirectly or reflexively massaging them (hence the name of the therapy) the organs, muscles or other parts of the body receive a healing stimulus. Of course, in addition to this reflex effect, there is a very important and useful local effect on the feet to treat and prevent many of their problems.

50 min \$88.75 USD 80 min \$107.25 USD

25 min \$45.50 USD 50 min \$88.20 USD

## Foot and Legs Massage

A gentle massage is performed to stimulate blood circulation and have a better blood flow, smooth movements and always ascending from the sole of the foot to the middle of the leg being the knee, decongestant active products and drains are applied to promote heaviness in the legs, apply an algae-based mask for ten minutes, wrap in osmotic paper, finish with fresh products and with the same decongestant and draining function.

25 min \$45.50 USD

## Couple Massage

Massages together in the same room receiving low to medium pressure that allows the two people to completely relax and release personal or mutual stress with a romantic moment.

50 min \$160 USD 80 min \$175 USD
